

Eskmills Canapés

After the ceremony itself you and your guests can celebrate – and relax. Whilst you and the wedding party pose for photos, or simply mix and mingle with your guests, we can discreetly serve canapés and make sure that everyone is well looked after. Weather permitting, we can – if you wish – serve your guests outdoors, so that they can enjoy our lovingly landscaped grounds, or – if necessary – our team can easily move the celebrations indoors.

We've created a special canapé menu for you, and are happy to discuss this, or any other ideas with you.
